NORDIC HONEY

Lasting business relationships are not built in a day. They grow over time and carefully chosen gifts can have a significant impact on making them stronger.

At Nordic Honey we are committed to creating **beautiful and thoughtful gifts**. From corporate Christmas gifts to customer events, product launches or recognising your colleagues – whatever you have planned, we are here to help with eye-catching ideas to suit every occasion.

In this catalogue you will find a selection of products along with **several customisation options** that are perfect for corporate gifting. From our renowned organic honey to brand new tea blends and various gift sets, there is something for every occasion and budget range.

When creating these products we have followed the belief that **details make the difference**. From the high quality organic honey collected from the pure Nordic nature to our signature wooden lids handcrafted by a small carpenters workshop, all our products possess integrity and are delivered to you with **great care and purpose**.

Our dedication to excellence has been also noticed internationally and recently three of our honey flavours (Late Harvest, Spring Is In The Air and A Sting of Chilli) won **Great Taste Awards** – the biggest and most trusted food and drink award in the world. Standing out from over 12 000 other blind-tested products is a seal of approval that we are offering one of the best honey in the entire world.

Kadri Rytkönen
Founder & CEO

Our Honey Collection

Organic Honey CREAMY DREAMY

A creamy texture achieved by carefully mixing the honey when it starts to crystallize, resulting in a luxurious spread that tastes like white chocolate and feels like light cappuccino foam. This honey pairs beautifully with crusty bread, warm apple pie and pecan ice cream.

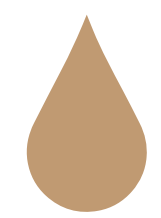

Organic Honey SPRING IS IN THE AIR

Suffused with the bright aromas of a Nordic spring morning, this is the first honey of the year. Clear, glowing, an elegant yet sweet flavour with subtle hints of raspberry, clover and dandelion. Best enjoyed drizzled over seasonal fruits, grilled goat cheese or stirred into delicate white tea.

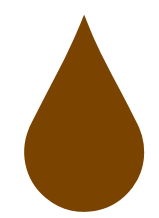

Organic Honey LATE HARVEST

At the end of the Nordic summer, an abundance of ripe and mellow plants delivers a honey the colour of a deep golden sunset with the rich aroma of a late harvest. Its maturity is perfect for sophisticated pairings like roasted duck, aged cheeses and full-bodied Merlot.

Organic Infused Honey SWEET CINNAMON

For a truly comforting taste experience, this delicious flavour combination of honey and aromatic spices makes a perfect choice. Complemented by the warming touch of cinnamon and hints of clove, cardamom and nutmeg, this treat is handmade in small batches using only organic ingredients. Ideal on crusty bread, apple pastries, and for impressing family and friends with something above and beyond the norm.

Organic Infused Honey SMOOTH CACAO

Never again feel guilty while indulging your chocolate cravings. When pure organic honey is blended with raw organic cacao, you get the same intense chocolaty flavour and sweetness with added benefits. Handmade in small batches using the finest ingredients, this is the perfect guilt-free gourmet treat. Spread it on warm toast or stir into your coffee to enjoy a healthy breakfast.

Organic Infused Honey A STING OF CHILLI

A jar of sweetness and fire... combining sweet honey with the heady heat of chilli. Handmade in small batches, the spicy flavour is created by immersing fresh organic chillis in honey for several days. The resulting spicy honey can complement a cheese platter, provide a kick to a home BBQ or enhance any dish requiring a lively flavor boost.

Gift Sets

These carefully curated gift sets offer an exquisite gourmet journey to treat senses with the most delicious and rich flavours. Together with a customised greeting card or a sleeve with your logo, these gift sets will make a lasting impression.

Nordic Honey is a premium honey brand that partners with a select handful of small apiaries to offer high quality organic honey. This means there are no noisy highways, dirty factories or chemically fertilised fields within three kilometers of our bees hives, allowing our master beekeepers to live in peace and harmony with the nature around them.

Organic Honey

We partner with a select handful of small apiaries to offer high quality and organically certified honey. This means there are no noisy highways, dirty factories or chemically fertilised fields within three kilometres of our bee hives, allowing our nectar gatherers to live in peace and harmony with the nature around them. To make sure we offer something for everyone, our honey collection includes three natural and three infused honey types.

Organic Raw Chocolate

We have partnered up with Mokkapuu – a small chocolatier from Kustavi, Finland – to create these beautiful chocolate bars. Mokkapuu was established by Tuomas and his spouse Tanja in 2014 and they offer a wide range of chocolates that are gluten, dairy and soy free. The production takes place in small batches and the chocolates are tempered traditionally by hand to ensure a smooth coating and a crisp, satisfying snap when you bite into it.

ORGANIC RAW CHOCOLATE

With Bee Pollen 50g

Item #00039

Satisfy your chocolate cravings with a tasty and healthy treat. Top quality raw organic chocolate is combined with the superfood bee pollen to create this delicacy that is not just bursting with taste, but also acts as a powerful health booster.

Gluten, dairy and soy free.

How can we help you?

How to place the order?

Please place your order by sending an email to sales@nordichoney.com and specifying the following:

1. Item name / number and order quantities
2. Company name, registration number and VAT number
3. Shipping address (incl. zip code)
4. Required delivery date
5. Your logo and/or text in case of any customisations

What are the lead times?

For quantities less than 100 units:

2-10 working days from the day after your order (or customisation artwork if applicable) is approved.

For quantities over 100 units:

5-20 working days from the day after your order (or customisation artwork if applicable) is approved.

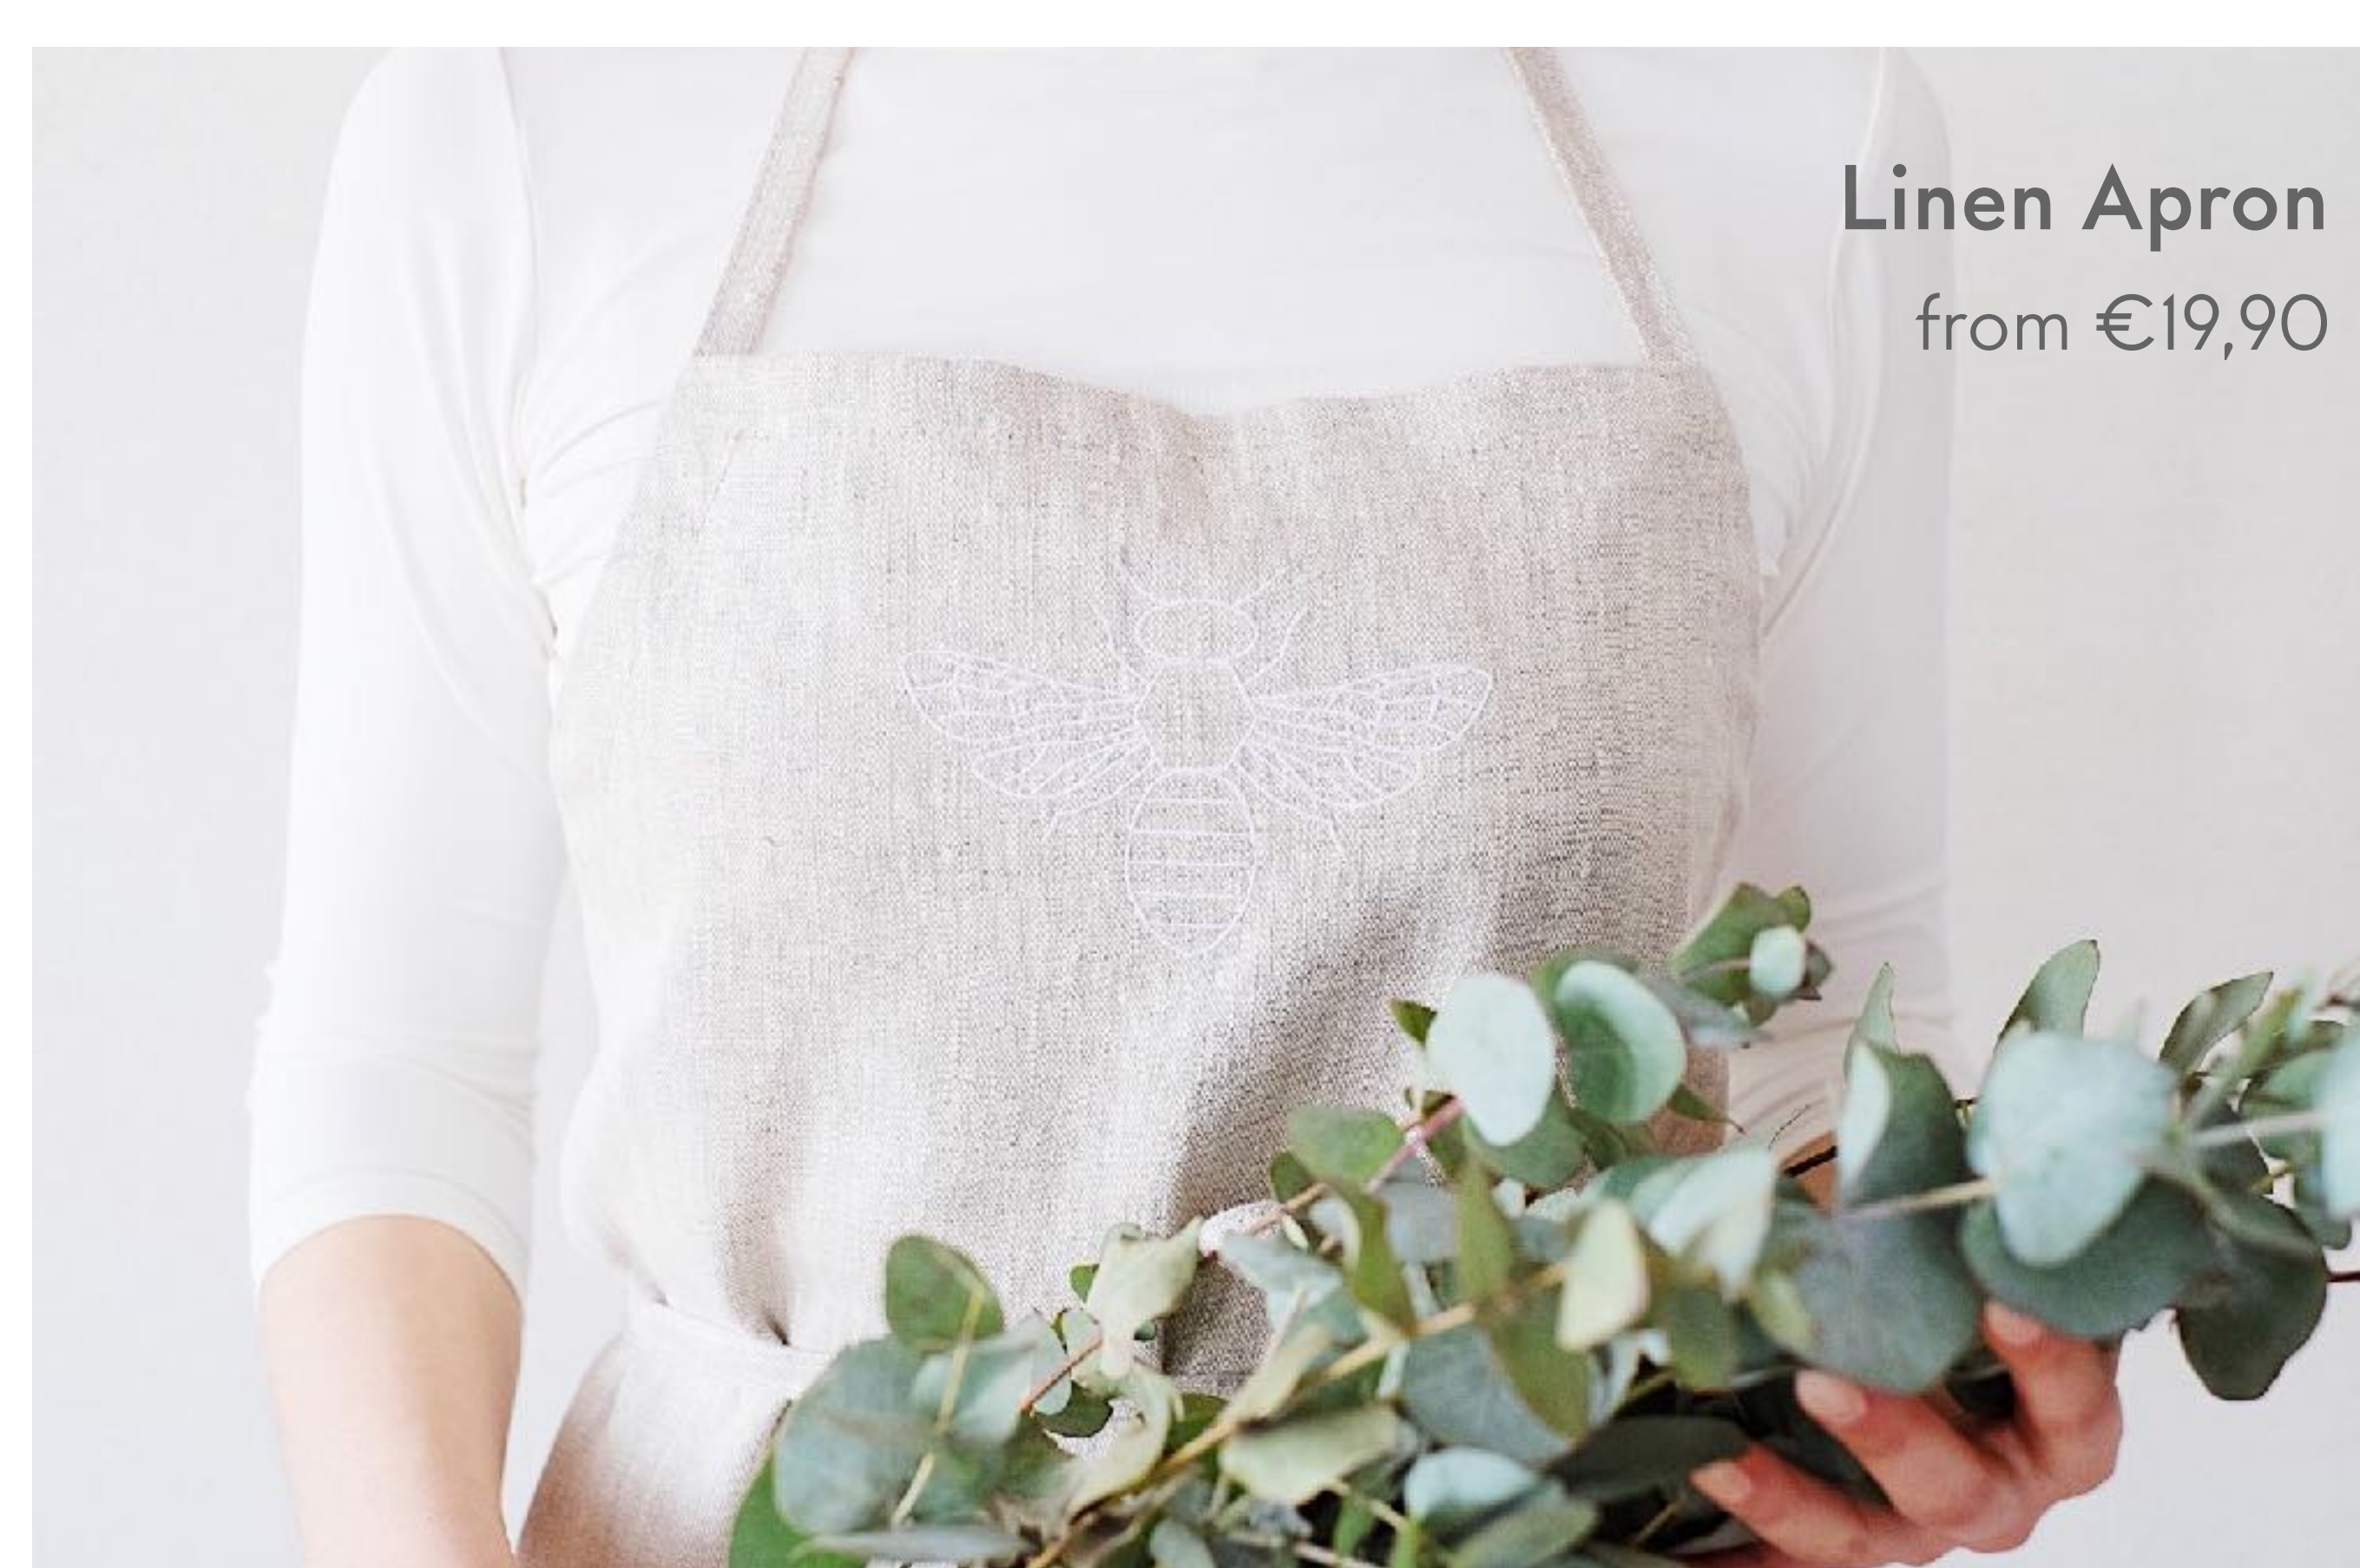

If you are interested in larger orders, please contact us as soon as possible and we will make sure that your requested product will be available on time.

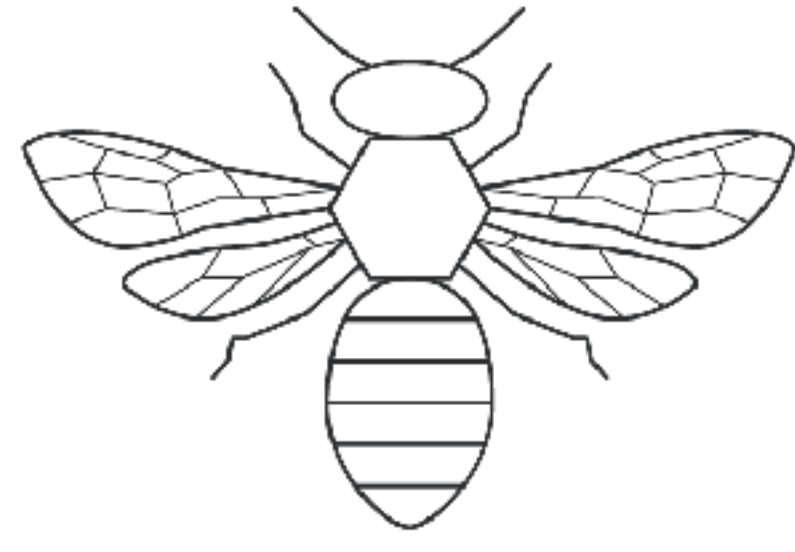

What are the shipping costs?

All orders are shipped from Nordic Honey warehouse in Peetri, Estonia. Bulk orders will be shipped via road or air transport and cost will be provided once the order is entered. The cost is calculated based on order weight and customer shipping address.

What if my order is lost / damaged?

We carefully inspect your order before we ship it off. In case of short shipments, damage or merchandise not received please let us know within 3 working days from arrival or expected arrival date.
